Std : Sec : Roll No

School :

S.No.	Date	Title	Page No.	Teacher's Sign / Remarks
1.	13/7/26	Basic cellular System		
2.	13/7/26	Mobile station considering connectivity		
3.	13/7/26	Network switching subsystem		
4.	13/7/26	Mobile network protocol stacks		
5.	13/7/26	Mobile application incorporating localization features		
6.	13/7/26	Hand off Scenario in mobile network		
7.	13/7/26	Performance criteria for a cellular system		
8.	13/7/26	Public Land mobile network		
9.	13/7/26	GSM service interface		
10.	13/7/26	differences btw various multiple access technique		
11.	14/7/26	Mobile application incorporating security measures		
12.	14/7/26	Evolution from 1G to 5G		
13.	14/7/26	Mobile communication & mobile computing		
14.	14/7/26	Operating of General Packet radio service		
15.	14/7/26	Issues in mobile IP		
16.	14/7/26	Mobile application that address challenges to adhoc		
17.	14/7/26	Operation of proactive and reactive routing protocols		
18.	14/7/26	Architecture of Android, ios & windows		
19.	14/7/26	Android application		
20.	14/7/26	Application showcasing power management approaches.		
21.	28/7/26	Mobile app interface prioritizes user connectivity		
22.	28/7/26	Localization features can be integrated		
23.	28/7/26	Security measures for user personalization		
24.	28/7/26	Flow chart - lifecycle of android intent		
25.	28/7/26	Android app that utilizes background services		

SI	Date	Title	Signature
26	29/1/26	Mobile app showcasing data replication	
27	29/1/26	Presentation Comparing Core video framework	
28	29/1/26	Incorporating element from core video media	
29	29/1/26	Showcasing peer to peer interaction	
30	29/1/26	visually rich mobile app with optimized graphics and UI performance.
